TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

Mr. P. B. Bowie of the Crystal River News, was a caller in town last night. He said the people of Crystal were still thoughtful over the great calamity that was handed them as a Christmas present. The total loss of the big fire is estimated at \$375,000, on which there was not a dollar of insurance. The cedar mill will not be rebuilt for two years, as the company at Jersey City has enough material to run its plant for five years. One bright streak on the horizon of gloom is that the Crystal River Lumber Co. has announced that the large saw mill will be put in operation soon, which will give employment to 100 men.

When a cold becomes settled in the system it will take several days' treatment to cure it, and the best remedy to use is Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition.

Capt. Mellwaine of the Dunnellon run, laid off to prosecute a negro who stole his gun from his caboose a month ago. The case was heard before Judge Bell this morning, the culprit admitted his guilt and the judge sentenced him to jail and the rock pile.

There is no game law against any one hunting for PLANK'S CHILL TONIC. It's guaranteed to cure malaria, chills and fever. Price 25 cents per bottle. Ask your dealer; he'll probably know.

ANCHORED ON AN ISLAND

Wednesday morning a party composed of Mr. and Mrs. E. F. Condon, Robert Connor, Misses Emma Perry, Mary Connor and Mr. Fletcher Yonge, took an auto for Silver Springs at 4 o'clock, where they embarked in the "Merry Widow" for Heather Island, the young men of the party to shoot duck and the young ladies to visit friends.

The trip up the river was all that they could wish, but when they were within a few miles of Moss Bluff an accident befell them and took all the pleasure out of the trip. The river had risen three or four feet and the navigator not being familiar with the stream, the boat left the main channel and was out on the sawgrass prairie before the man at the wheel was aware of it, and stuck hard and fast on a small island.

All during the day the engine was kept running and the boys worked hard trying to get the boat off. Guns were fired to attract the attention of any one in the neighborhood, and every possible effort was made to free the boat, but night came on and the party, having provided themselves with good food and blankets, took the situation philosophically and proceeded to make themselves comfortable.

The boat was screened with blankets, the stove lighted and while two at a time lay down to pleasant dreams the others stood guard and relieving each other, all were enabled to sleep part of the night in comfort.

The next morning the wind and tide came to the relief of the party and floated the boat from its moorings, friends were found and they all had a jolly good time. They then took private conveyance and went to Candler, where they took the train and returned home this morning none the worse for their experience; in fact, they enjoyed the outing as they never had before. It was an event in the lives of the young people.

One pound flour, one-fourth pound currants, one-fourth pound granulated sugar, one-half teaspoonful bicarbonate of soda, and one teaspoonful cream of tartar, one ounce candied peel, one-half pound butter, three eggs, a pinch of salt.

Sift the flour, and the soda and cream of tartar, also the salt. Cream the butter and sugar in a basin; when well beaten add the eggs, one at a time. Mix thoroughly; and, lastly, work in the fruit—the peel to be cut in fine shreds or chopped very small. If found too stiff, add a little milk.
